[cos-sco.ca/toronto2018](http://cos-sco.ca/toronto2018)

### Poster Viewing Transcript – Friday, June 1

Name:

Royal College ID #:

In order to claim your credits, please record them in your [MAINPORT ePortfolio](#) using the “**Bulk online reading/scanning with transcript**” option under **Section 2**. You will be asked to enter the total of number of hours; note that you simply need to enter the total number of credits in this field instead (e.g. 15 posters viewed @ 0.5 credits = 7.5 credits). Please upload and attach your poster viewing transcript to your MAINPORT entry when prompted by the system. If you have any questions about recording this activity, please contact the Royal College at [cpd@royalcollege.ca](mailto:cpd@royalcollege.ca), 1-800-461-9598 or 613-730-6243.

#### Learning Outcome

Use **one** of the following leading questions to complete your **learning outcome**:

- What did you learn or confirm?
- What additional learning are you planning to complete?
- What changes are you planning to implement in your practice?

Date	Poster Number	Poster Title	Learning Outcome	Credits Awarded (0.5 per poster)
06/01/2018	1	Bioactive protein-conjugated silica nanoparticles as a drug delivery system for dry eye disease		
06/01/2018	2	CITED1: A potential regulator of metastasis in uveal melanoma		
06/01/2018	3	Fibrin glue and internal limiting membrane abrasion for optic disc pit maculopathy		
06/01/2018	4	Development of bilateral cataracts following electrocardioversion		
06/01/2018	5	Mapping the landscape of cataract surgery teaching assessment in Canadian residency programs		
06/01/2018	6	Management of recurrent uveitis-glaucoma-hyphema syndrome by intraocular lens repositioning		
06/01/2018	7	Stereotactic radiotherapy for presumed oculomotor nerve schwannoma masquerading as ophthalmoplegic migraine
