

Cornea and Anterior Segment Position, University of Ottawa Eye Institute - The Ottawa Hospital

The Ottawa Hospital (TOH) Department of Ophthalmology is seeking a full-time fellowship trained Cornea and Anterior Segment specialist to join our dynamic team at the University of Ottawa Eye Institute. The position would include all aspects of team-based patient care including surgical time for Cornea and Anterior Segment surgery, an academic appointment with the University of Ottawa, a prominent teaching role for residents and other trainees, and an appointment with the Ottawa Hospital Research Institute (OHRI).

Preference will be given to candidates with experience in lamellar corneal transplants as well as complex anterior segment cases (IOL exchange, iris reconstruction, etc.). We are seeking candidates interested in contributing to the research, academics, and administrative goals of the Department of Ophthalmology and the University of Ottawa.

Primary Responsibilities of a successful candidate:

1. Provide primary Cornea care for the population of Ottawa and its environs.
2. Participation in the on-call rotation for The Ottawa Hospital
3. Training and supervision of medical students, residents, fellows, colleagues, nurses, ophthalmic medical technologists and others as determined by the Department Head. Training expectations include teaching in the operating room, clinic, and didactic sessions.
4. Commitment to supporting the Department with service on committees, attending Department meetings, and undertaking administrative roles as requested by the Department Head.
5. Participation in the development and teaching of educational courses, or other presentations to internal and external groups.

Resources:

1. Access to TOH clinics
2. Access to the OR resource at The Ottawa Hospital as per current allocation methodology. Surgical time allocation is contingent upon sustained teaching during

allocated OR time and support of other Departmental educational and administrative activities.

Basic Requirements (Education/Experience):

The successful Cornea & Anterior Segment specialist candidate will have an MD or MD/PhD, have completed a Royal College accredited residency program in ophthalmology and have a minimum of 24 months of post-residency fellowship training in Cornea and Anterior Segment.

Comments to applicant:

Applicants must have Canadian citizenship or landed immigrant status, be licensed with the Royal College of Physicians and Surgeons of Ontario and have CMPA coverage.

Submission of CV, Cover Letter, and list of references can be made to: bsavcic@toh.ca. Applications will be accepted until such time that the position is filled.

The University of Ottawa is committed to ensuring equity, diversity and inclusion in the scholarly and leadership environments of our students, staff, and faculty. Accordingly, we strongly encourage applications from Indigenous persons, visible minorities members (racialized persons), persons with disabilities, women, as well as from all qualified candidates with the skills and knowledge to productively engage with equitable, diverse and inclusive communities. Candidates who wish to be considered as a member of one or more designated groups are asked to complete the confidential Self-Identification Questionnaire, to be completed at the time of application. This questionnaire can be found online. According to government policy, all qualified candidates are invited to apply; however, preference will be given to Canadians and permanent residents. When submitting your application, please indicate if you are legally entitled to work in Canada. The University of Ottawa provides accommodations for applicants with disabilities throughout the recruitment process. If you are invited to proceed in the selection process, please notify us of any accommodations that you require by contacting the Office of the Vice-Provost, Faculty Relations at 613-562-5958. Any information you send us will be handled respectfully and in complete confidence. The University of Ottawa is proud of its 160-year tradition of bilingualism. Through its Official Languages and Bilingualism Institute, the University provides training to staff members and to their spouses in their second official language. In accordance with the Freedom of Information and Protection of Privacy Act (Ontario) and with University Policy 90, your personal information is collected under the authority of the University of Ottawa Act, 1965 and is intended to be used for the purpose of and those consistent with your employment application and the administration of your employment relationship, if established. If you have any questions regarding this collection of personal information, please contact Office of the Vice-Provost, Faculty Relations at (613) 562-5958 or by email at vra.affairesprofessorales@uottawa.ca.
